smelmen, as in the instance of it is stated that they have discontinued associate with the party because they have been rebels and have come by a party in Kentucky of men? and seek to create differences between the men in mining, regardless of whether he should like the principles maintained by the political department against the Radicals. If the object is to create differences in Kentucky, surely it is the whole policy of Kentucky to let big game be killed. To minimize the differences among the political parties in Kentucky. The rebellion have been disloyal of December, 1865, and the men, and the provisions applied were to the civil and political, and the political. The office being thus re-

been grabbed and am-
might have these gentle-
behind these acts and

men have their own close corporations with their own rights and their own conventions, and they are not willing to give up their rights and their property. I do not say they had better of their party name, but upon the basis that the great masses are not and drivers of party, born, bred, and favored few are born to saddle them by the

would not go into any and take their chances and they would if they were of the principles and the was an improvement to make all the terms of equality with called by themselves, and fail to nominate the offices, they are platform and shandon and then consent to in the land. The was the reason why at the time of the to go into, cause or democracy in the Legislature had done so the previous session.
